IN MEMORIAM

We remember the smile, the touch, the joy, calling the love, the courage,
the hurt, the sorrow, the sighs, the moments, the first times, the searching
times, the moments of risk.

As long as we live

We will bear the imprint
of that influence.

She opened many doors for us

Doors to whole new sets of meanings.

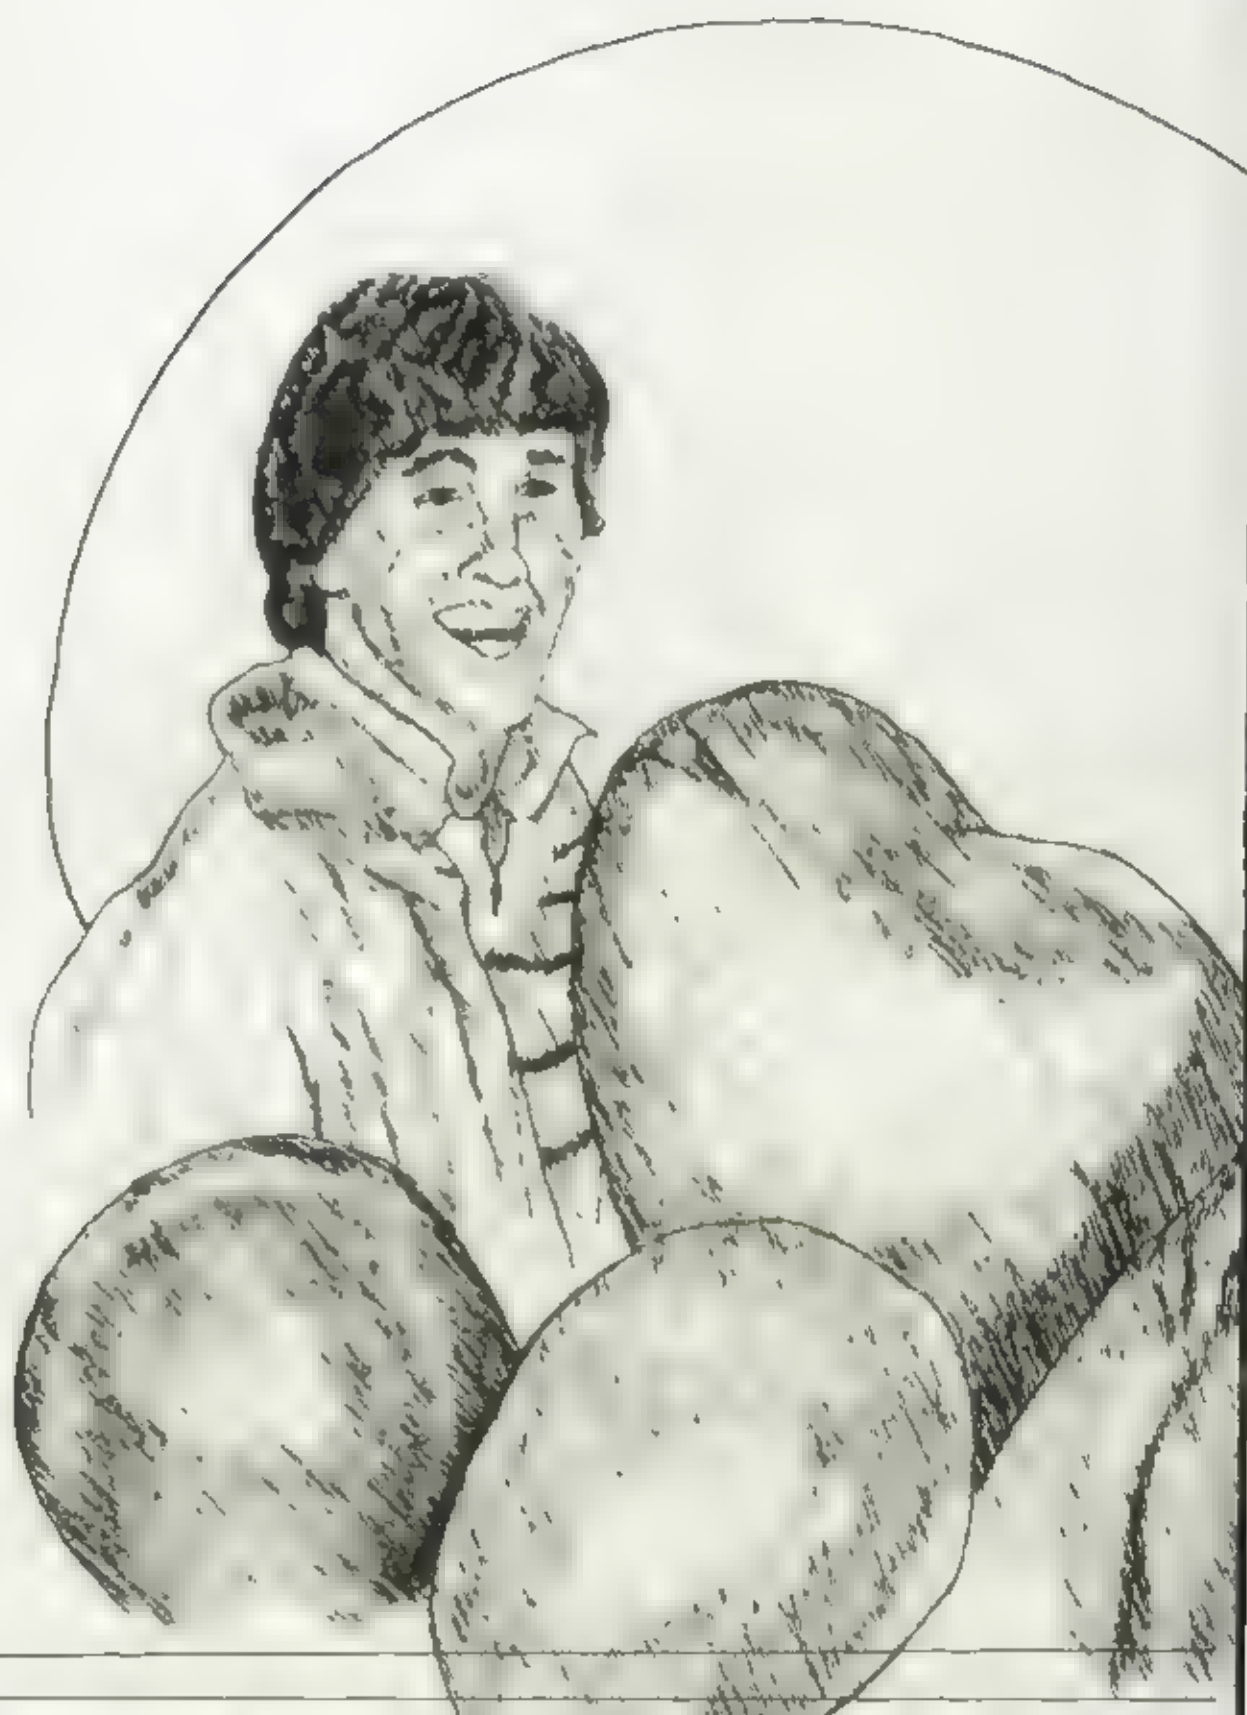

We will forever be sensitized

As to the importance of life.

Because of Shauna we will live differently.

This year's fall semester Student Council has accomplished some very special things for Branham High School. According to Student Council President, Jeff Garlick, this year's group has been more active in getting each of the separate classes to get involved in school activities. The most outstanding accomplishment of this year's fall student council is the change in homecoming activities, including the announcement of the homecoming court. Breaking with tradition this year's homecoming court was announced at a special rally including a slide show consisting of pictures of each person in the court. The rally turned out to be one of the best changes for Branham this year. Congratulations student council for doing an outstanding job
